

ALUMNI STUDENT MENTORSHIP

A College-Specific Platform for Structured Student–Alumni Mentorship

An institution-specific web platform that connects current students with alumni for structured mentorship, professional guidance, communication and resource sharing.

Relevance of the Topic

CURRENT SITUATION IN OUR COLLEGE

Our college currently has no dedicated digital platform specifically designed for structured student–alumni mentorship. Students depend on:

KEY PROBLEMS

- Difficulty identifying suitable alumni for guidance
- No centralized alumni mentor discovery system
- No structured mentorship request mechanism
- No dedicated student–alumni communication platform

MOTIVATION

Create a centralized platform that allows students to easily discover and connect with experienced alumni.

THIS PLATFORM CAN SUPPORT

THE RELEVANCE, IN ONE FLOW

Project Description

A full-stack web application developed specifically for our college to facilitate structured student–alumni mentorship.

HOW IT WORKS

If accepted → Mentorship Relationship → Chatbox → Resource Sharing

MAIN OBJECTIVES

- Centralized student–alumni mentorship platform
- Enable structured mentorship requests
- Direct communication via integrated chatbox
- Mentorship resource sharing
- Help students discover suitable alumni mentors
- Allow alumni to accept or reject requests
- Verified alumni profiles
- Separate functionality for Admin, Student, Alumni

SCOPE

The system covers three coordinated modules:

Admin

Student

Alumni

EXPECTED OUTCOME

A functional, college-specific platform that makes student–alumni interaction more organized, accessible and useful.

Existing System vs. Proposed System

EXISTING GLOBAL PLATFORMS

Chronus

PeopleGrove

MentorCity

Established digital mentoring / alumni-engagement platforms providing:

- Mentor discovery
- Alumni engagement
- Mentorship programs
- Mentor–mentee connections
- Communication
- Mentorship management

CURRENT SITUATION — OUR COLLEGE

No dedicated platform for structured student–alumni mentorship.

Interaction today relies on informal communication and personal networks.

LIMITATIONS

- ⊗ No centralized mentor discovery
- ⊗ No structured mentorship requests
- ⊗ No centralized status tracking
- ⊗ No dedicated communication platform
- ⊗ No college-specific workflow
- ⊗ Difficulty accessing alumni guidance

OUR PROPOSED SYSTEM

A customized, college-specific student–alumni mentorship platform.

KEY FEATURES

- ✓ Student & alumni profiles
- ✓ Alumni search and discovery
- ✓ Mentorship requests
- ✓ Accept / reject functionality
- ✓ Integrated mentorship chatbox
- ✓ Admin-verified alumni profiles
- ✓ Mentorship resource sharing
- ✓ Centralized mentorship information

Inputs / Outputs / Modules / Tasks

THREE-MODULE STRUCTURE

Methodology / System Design / Algorithms

DEVELOPMENT METHODOLOGY

SYSTEM ARCHITECTURE

SYSTEM WORKFLOW

MENTORSHIP REQUEST ALGORITHM

Tools, Frameworks & Programming Languages

FRONTEND

React

Interactive user interface

JavaScript

Frontend logic & functionality

Vite

Dev / build environment

Bootstrap

Responsive, consistent UI

BACKEND

Node.js

Server-side JavaScript runtime

Express.js

Routes, APIs & app logic

DATABASE

MongoDB

Stores profiles, requests, relationships and application data

Datasets

No external public dataset is required.

The project uses application-generated / institutional data, entered through the application by authorized users.

DATA SOURCES

STUDENT DATA

- Registration details
- Profile information
- Skills & interests
- Career preferences

ALUMNI DATA

- Registration details
- Educational information
- Professional information
- Skills & areas of expertise

MENTORSHIP DATA

- Mentorship requests
- Request status
- Mentor–mentee relationships
- Shared resources

DEV / TEST DATA

- Sample student records
- Sample alumni records
- Created for development
- Used for testing

RELEVANCE TO THE SYSTEM

This data directly supports the application's core functions — alumni discovery, profile viewing, mentorship requests, mentor–mentee connections, communication and resource sharing.

Although structured alumni–student mentorship platforms already exist globally, our college currently has no dedicated platform for structured student–alumni mentorship. Alumni Student Mentorship proposes a customized, college-specific web platform enabling students to discover suitable alumni, send mentorship requests, communicate through an integrated chatbox, connect with verified alumni, and access useful mentorship resources.
